DEVELOPING SOLUTION

CONSULTING

Capacities that build the future

An integrated range of consulting services that focus on capacity building and institutional development in the development sector, by providing and innovating unique customized solutions.

## Our Vision

We seek professionalism in building individual and Organization capabilities and have a promising future outlook.

## Our Mission

Contributing to the qualitative shift of individuals that elevates their institutions and communities by designing solutions, innovating programs, consulting, and working on studies and research that serve the development sectors.

# Why Alqudrat?

We help in building and developing individual's capacities to achieve sustainable professional institutional performance; utilizing our expertise and vision towards future competencies and investing in both knowledge and people.

# Our Working Approach

Following a client-focused approach, depending on our professional team that believes in the power and capacities of organizations.

Providing our clients with new ideas and notable outcomes, and believing in our ability to make your institution ready for success.

# Our Core Values

As a professional organization with the necessary capabilities to fulfill our work, our core values are the cornerstone of everything we do, from how we interact with our clients to how we hold internal meetings and interviews. These values represent what you can expect from our team and what you can see reflected in every aspect of our work.

## Professionalism

We interact with our clients professionally and transparently, listening to them carefully and taking the time we need to understand their culture and priorities. We inform from their challenges and use them to generate ideas

## Delight

We add positivity, optimism, and gratitude to our team and clients, and demonstrate respect and kindness as a deeply rooted culture within our organization.

## Impact

Our commitment to our impact-based approach goes beyond our brand name. We are driven by a mission to help our clients achieving positive change and creating impact.

## Learning

We believe in the importance of development, so we continuously push ourselves and encourage our clients to innovate, learn, and keep up with the latest updates in the business world.

# Our Services

## Designing and Innovating Business Solutions

Dealing with challenges as an opportunity to take the organizations to the next level and providing diagnostic measures and deep analysis to come up with recommendations that help the efficiency and effectiveness of the business flow

## Building Capacities

Focusing on investing in people by building professional capabilities to empower youth and create a positive impact in institutional work in accordance with future insights.

## Studies and Research

We are interested in surveys, studying and analyzing reality to understand challenges, identify areas of focus, and discover new horizons for improving services.

## Strategic Trends

Offering a comprehensive range of management consulting and organizational diagnostic tools to plan organizations' efforts and build their capabilities to achieve outstanding results.

## Community Corporates

Helping build and activate partnerships by building a matrix of stakeholders and their impact to achieve results and enhance the mental image.

## Program and Project Designing

Working side by side with our clients to build and design programs and projects according to their needs, best practices and approved methodologies.
